

Unleash The Power Of Your Storage

Performance Ethernet file sharing for your SATA storage

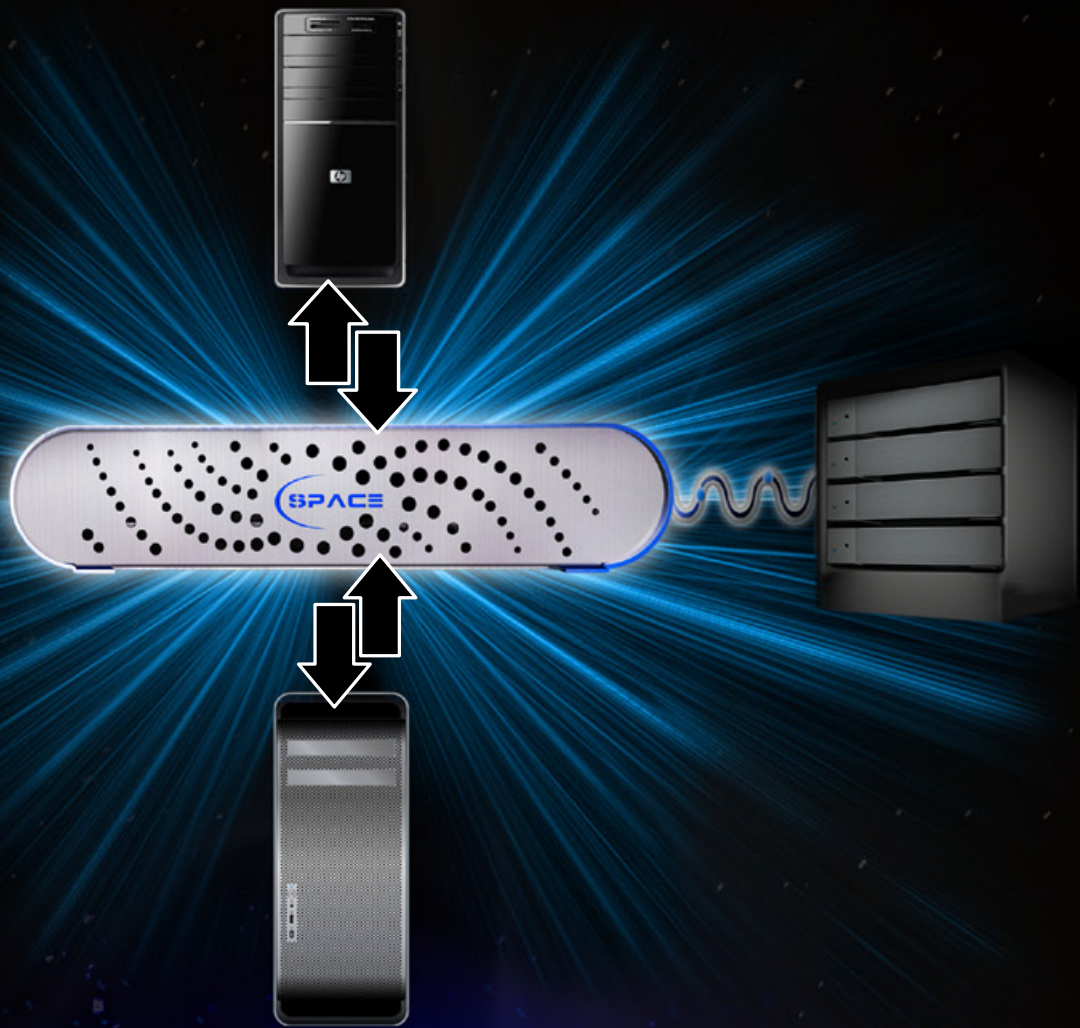

Sometimes data storage isn't about starting from scratch. Many companies in the digital content creation space have already invested in high-performance, low-cost locally-connected SATA (Serial Advanced Technology Attachment) storage. Nano Space offers you the benefits of shared storage for multiple users and works with your existing storage environment.

It's a completely open system and performs perfectly with any mix of Mac, Windows or Linux. Working with your RAID-protected multi-disk array, Nano Space links up new and legacy storage using widely compatible SATA connectivity. There's no costly IT install and it's whisper-quiet to allow you to get on with the important stuff.

The Detail

- Connectivity: two 1G Ethernet (GbE) ports.
- Flexibility: these ports can be bridged for direct connections to Space or channel bonded to a GbE switch.
- Scalability: we give you two SATA ports for connecting existing storage with the option to add an additional two ports to increase your storage.
- Quiet, small form factor and energy efficient.
- No need for client licensing or software drivers.

Tech Spec

- Unit Dimensions - 251mm x 53mm x 158mm
- Carton Dimensions - 350mm x 150mm x 250mm
- Unit Weight – 1.6Kg Shipping weight 2.5Kg
- Input Range 100 - 240 VAC, 50-60Hz
- Power Requirements @ Standby 4W
Requirements @ Full load 30W
- PSU Safety / EMC - USA-UL listed. Canada-CUL listed, Germany-TUV Certified, EN60950/IEC 60950-Compliant, CB Report, CCC Certification 80 PLUS gold certified
- Operating Temperature Range 10 - 35C, Non Operating range -40 - 70C
- Operating Humidity Range 8 -90% non-condensing
- Non Operating Humidity Range 5 - 95% non-condensing
- Compact desktop form factor
- Two or Four eSATA ports for connecting your storage of choice
- Complete with external power brick 90-240V
- Unit will operate from 9 to 24V (Camera battery / Car kits available)
- Supports any mix of Windows, Mac and Linux clients
- No user licensing costs
- No client software to install
- Supports SPACE Echo data replication
- Easy to administer
- Whisper Quiet operation ideal for small office workgroups
- 2 off 1G Ethernet (GbE) ports for client connections
- IPMI Ethernet port access for hardware monitoring
- 1 year return to base warranty
